

In the Gospel of Luke, Saint Archangel Gabriel told Mary that she was to bear a child and in so doing become the Mother of God. When she asked, “How can this be?” the angel told her that “nothing is impossible with God.”

The Gabriel Project announces the same comforting message to frightened pregnant mothers: ***Fear not, the Lord is with you! Nothing is impossible with God.***

Who we help

.....

The role of our ministry is to meet with any mother referred to us for help. We provide emotional, spiritual and material support to help her meet her needs.

We engage in face-to-face Home Visit to identify both immediate and longer-term needs.

The Gabriel Project offers:

- Confidential helpline
- Individual needs assessment
- Parish "Angel" peer emotional and spiritual support
- Collaboration with various ministries in the parish
- Referral to community resources

Join us

.....

By becoming a volunteer of Saint Robert's Gabriel Project Ministry, you can join other Parishioners who share a common concern for pregnant mothers and their babies.

Typically, two volunteers (known as "Angels") are assigned to a pregnant mother to conduct the initial assessment and to walk alongside moms to offer support. Volunteers receive initial training before they are assigned to a pregnant mother. Some volunteers would rather work behind the scenes and there are tasks that can be done that do not involve meeting the mothers such as storing donations, preparing baby items, researching options for the mother.

You can make a difference!

To join our Saint Robert's Gabriel Project Ministry, please contact Saint Roberts Church office at (650) 589-2800.

Pregnant and worried? Feel Alone? Need Help? Please contact 800-910-2848.

Note: If you need help, please do not call the Parish office as they will only refer you to contact the help

The members of this church community see in the conception of each child a fresh expression of God's unfailing love. Besides friendship and emotional support, we can provide pastoral care and counseling as well as the more tangible help a mother is likely to need.
